

~ 2012 SET SUBJECT DEFINITIONS ~

Three Of A Kind: Bring: In March Showing In April	An image in which an element or feature of the image appears 3 times. Eg: 3 red bins in a row of bins. Note: Simply cloning on it's own should be avoided.
Shadow: Bring: In May Showing In June	An image showing the outline cast by an object intercepting a source of light. It is desirable that part of the image should contain part of the feature casting the shadow and not simply the shadow on it's own.
Machines: Bring: In July Showing In August	A study of a mechanical apparatus used to perform work. A part of the machine is also acceptable
Heat: Bring: In September Showing In October	An image depicting the concept of heat, the feeling of warmth, the quality of being hot.
